Flying Canoe Hard Cider is made with only 100% local Ontario apples at our microcidery in Ottawa! If you make something, make it the greatest that you can. That's why we only make a single kind. Made with pride in Ontario using only the finest ingredients and a traditional process. HANDCRAFTED & SMALL BATCH. Light and crisp like the fall when our apple cider juice is first fresh pressed at our local orchard. Barely but perfectly sweet, some fizz, a little dry and a balanced acidity along with a natural apple flavour. It really doesn't get any better than this.

The first brewing company located in Smiths Falls, Ontario, where all five owners live and work. Our goal is to bring craft brewing to the heart of the Rideau Canal. The owners, Nick Ritchie, Andrew Howard, Joe Adams, Chris Haines and Tim Vandermeer, bring over 30 years of friendship and plenty of beer drinking experience to the table. But they also have a passion for their community and developing a successful brewing company that will generate growth and highlight Smiths Falls.

Community involvement, as well as promoting Smiths Falls, is just as important to us as our beer.
